WHAT TO EXPECT?

The event offers a unique opportunity to gain first-hand insights into AFYN and discover ways to get involved, while also providing space to ask any questions that matter to you.

- Hear directly from current youth ambassadors as they share their experiences and show how they've applied their skills to make a positive impact in their communities.
- Learn about activities and tools aimed at promoting democratic values, human rights, and the rule of law.
- Explore initiatives that connect historical events to contemporary issues.
- We may also invite external workshop facilitators from diverse professional and cultural backgrounds, who will bring additional perspectives and expertise to the program.
- Many more activities will be announced later!

The training will be held in Czech and English.

WHAT DOES IT COST?

Nothing – the entire training is free of charge.

For participants traveling from farther away, accommodation will be provided if needed.

Please register for the training by 31 December 2025 via the [form](#).

About two weeks before the training, you will receive an email with program details, directions to the hotel, and everything you need to know or bring. If you have any questions before the event, feel free to contact Thomas, who is in charge of the Anne Frank Youth Network and your main contact person: afyn.cz@gmail.com.

Make sure to follow the Anne Frank Youth Network in the Czech Republic and the international network on Instagram.

Important note about registration

By registering, you confirm your commitment to attend the workshop. If anything changes and you can no longer participate, please inform us as soon as possible, so we can adjust the arrangements accordingly and offer the spot to someone else.
